Litchfield Elementary School District Traditional Academy Program

The Litchfield Elementary School District has long had a reputation for academic excellence and high quality educational programming for the students in our community. District schools and leaders have received numerous awards and recognitions over the years for outstanding performance. We take pride in the performance of our students, our teachers, and the support of our community.

Educators across the country agree that “one size does not fit all” when it comes to meeting a student’s needs in the classroom. Parents/Guardians have many choices in selecting schools to meet their children’s educational needs and life goals. The Litchfield Elementary School District has also always been known as an innovative District that is willing to face any challenges or changes in the community that may be needed. Traditional Academy is one option parents may consider when choosing the Litchfield Elementary School District.

The Litchfield Elementary School District is accepting applications from students in first-fifth grade who wish to be considered for enrollment during the 2022-2023 school year in the Litchfield Elementary School District Traditional Academy Program. The LESD Traditional Academy Program is available at all of our elementary schools first-fifth grade.
